

Important Changes to travelND Booking Tool July 31, 2025

New Evolution of Travel

SAP Concur, our travel and expense platform vendor, is introducing a new look for the travelND booking tool, which will be available on **July 31, 2025**. A preview [video](#) of the new travel booking tool has been provided by Concur. Please note that some screens may appear slightly different in our Notre Dame travelND site.

The screenshots below are examples of what you will see when booking airfare in the new user interface on July 31st.

The new **car rental booking** experience offers users the following major improvements:

****Time savings:** Optimized booking workflows and faster checkout process.

****Sustainable options:** Comparison in CO2 emissions between offered vehicles, and additional filter options on hybrid and electric cars.

****Search capabilities:** Search capability that combines off-airport and on-airport locations, providing a more streamlined user experience.

****Content:** Increased content sources, better imagery, and richer descriptions, all consolidated into one view.

The car search result shows the filters across the top. You can select the filters to narrow your search results.

Detailed information is viewable when you select the car option of your choice.

After you select the car of your choice, the "Review and Book" screen appears showing the following:

- ** Car details
- ** Traveler Information
- ** Rental car Preferences / special requests
- ** Rental Car Cost

The new **hotel booking** experience offers users the following major improvements:

- ****User experience:** Simple and smooth booking experience including a more user-friendly and intuitive user interface.
- ****Time savings:** Optimized booking workflows and faster checkout process.
- ****Sustainable options:** Display of the property's sustainability certification, carbon emissions and sustainability scores, and additional filter on hotel properties that have sustainability certifications.
- ****Search capabilities:** Search capability providing a more streamlined user experience.
- ****Content:** Increased content sources, better imagery and richer descriptions, all consolidated into one view.

The hotel search result shows the filters across the top. You can select the filters to narrow your search results.
